

Project *Fresh* Clothes

We are asking for your help with Project Fresh Clothes. In conjunction with United Way's Project Fresh Start, this project collects, sorts, cleans and distributes school clothing. Children need clothing for school because what they have doesn't fit, has holes in it, or they wear the same clothing day after day.

Our goal is to provide several new articles of school clothing for every kindergarten to twelfth grade student that comes to the Project Fresh Start distribution on August 13th. Our goal is **to collect 10,000 articles of school clothing!**

As you clean your child's closet this summer and replace outgrown clothes with new, please think of this project and contribute your "gently used", clean clothes to a good cause. (Shoes in excellent condition are also needed and welcomed.) **Thank you for your contribution.**

In the event you would prefer to make a cash donation for clothes to be purchased by volunteers and then distributed, checks should be made out to St. Paul's UMC/Project Fresh Clothes. Checks should be sent to 600 Wilshire Boulevard, Stevens Point, WI 54481.
